

## Parish CE Primary School - Pupil Guide to Live Lessons:

The teachers at Parish want to provide the best teaching and learning we can. In the event of class PODS self-isolating, we will use remote learning to help you carry on learning and continue teaching like we do in the classroom.

All live lessons will be taught through the Microsoft Teams App and content through Seesaw (Y1-Y6) or Evidence Me.

To take part in lessons you must be dressed and wear clothes you would usually wear on a non-uniform day. No pyjamas please.

### When joining the lesson...

Be in one of your family rooms, such as your dining rooms. Not your bedroom.

Be on time for the lesson and wait for the teacher to let you in. NEVER use it unsupervised.

Have all your equipment ready including paper and a pencil.

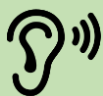

Make sure you are on mute. Only unmute if you are asked to.

### When taking part in the lesson...

Behave as you would in the school class, listen carefully at all times.

Complete tasks along with the teacher to support your learning.

Do not film or screenshot any part of the lesson.

At the end of the lesson listen to any tasks or practise you need to complete before the next lesson. It is important that you follow all of our rules so we can keep you safe and you can take part in all of your Live Lessons.
